## **GREENLEAF CYCLES THROUGH BEVERLY HILLS**

### **Eco-friendly, three-wheeled bicycles to deliver Greenleaf's fresh salads and wraps exclusively to the Downtown Beverly Hills area starting this week**

Starting this week, Greenleaf Gourmet Chopshop is pleased to announce that full delivery service will now be available to homes and offices in the Downtown Beverly Hills area – free of charge. Given the high concentration of businesses in the area, Chef/Owner Jonathan Rollo feels that delivering via three-wheel bike is not only an efficient solution to making his menu more accessible to locals, but it is also friendly to the environment. The bikes are painted bright green and will carry special temperature-controlled crates to keep the salads and wraps cool during these hot Summer months.

The Downtown Beverly Hills area can be defined as within a half-mile radius from the restaurant, which is located at 9671 Wilshire Blvd., near Bedford Drive. The delivery service will be free of charge.

“From the very start we’ve been hoping to be able to offer delivery to locals in the area, but we were careful to find just the right bikes and storage solutions,” stated Rollo. “We are excited to have found these great looking bikes that are visually cool and also very safe and easy to maneuver. We hope everyone in the area feels free to take advantage of this service!”

Already a huge hit among Beverly Hills locals, Greenleaf features made-to-order gourmet chopped salads and wraps, as well as Chef Jon’s Specialty Salads. Original creations such as the Antioxidant Orchard, Lemongrass Chicken Salad and Steak

Sandwich Salad, are joined by some twists on old favorites, such as his Kitchen Sink Cobb and Mexplosion Salads. Additionally, an eclectic mix of boutique wines and local microbrews and homemade dessert items are also available at the restaurant.

Also starting this month, Greenleaf will feature weekly sandwich specials – both cold and hot pressed – featuring seasonal ingredients on whole-grain focaccia bread.

In an effort to promote an environmentally friendly establishment, Greenleaf Gourmet Chopshop was built according to all the latest guidelines for eco-conscious restaurants, and will use only environmentally-conscious packaging, from ecotainer™ and Greenware™ cups, to potato-based utensils, polymer polylactide (PLA)-based containers, and recyclable and reusable bags.

Greenleaf Gourmet Chopshop is located at 9671 Wilshire Boulevard in Beverly Hills. Open Monday-Friday from 11:00am-4:00pm, and from 12:00pm-8:00pm on Saturdays, the restaurant also features indoor/outdoor dining options, take-out and catering services. Free public parking is available in nearby lots, as well as metered street parking.
